- Deutsche Bank, White & Case (1 table)
- Latham & Watkins (2 tables)
- Sidley Austin (1 table)
- Westpac (1 table)

Objective:

As the high yield market had a record start to the year and is going strong again after the summer lull, we believe it is the opportune time to bring together leading high yield participants from sell-side, law firms and buy-side to share insights and connect while enjoying a relaxing and entertaining evening.

The historic Asia Society Centre is situated in a beautifully refurbished, historic British army munitions warehouse that provides the perfect backdrop for an evening of fine wine and dining, relaxed entertainment and superb conversation among industry experts. A live band playing jazz and pop music favorites will perform throughout the night and the pre-dinner cocktail hour will have a 'magical' surprise or two. The evening should be a memorable and worthwhile event for you and your guests.
